

Tsinat Kibru

Full Stack Developer

AddisAbaba | +251909552016 | tsinat000@gmail.com | <https://portfolio-de-tsinat.vercel.app/>

CAREER SUMMARY:

Skilled in driving project success, I applied my expertise in Java Spring and teamwork at INSA to develop high-performance, secure applications. With experience in both front-end and back-end development using React and Flutter, I ensured optimal functionality and user experience, significantly improving application reliability and security

WORK EXPERIENCE:

INSA(Information Network Security Agency).

Application Software Developer | 04 September, 2022 - Present

- Developed and maintained secure server-side applications using Java (Spring) for backend , withPHP and JavaScript for client-side web applications.
- Implemented and managed system administration tasks, including Linux setup, Docker containerization, and Cassandra database management.
- Participated in load balancing and replication to ensure high availability and reliability of applications.
- Deployed applications and monitored environments, handling DNS configurations and making audit-based modifications to enhance security and performance.

VIP Taxi

Web Developer | 01 November, 2022 - 01 January, 2023

- Contributed to the development of a ride service application, specifically designing and developing the admin dashboard using React, enabling real-time data visualization and user management.

d

RELEVANT PROJECTS:

Private Contracts

Freelance FullStack Developer | September, 2022 - Present

- Utilized Django, Spring and Node.js for backend development including building a restaurant management application with Django and React, ensuring robust server-side functionality and dynamic front-end interaction. .
- Created dynamic, interactive, and responsive front-end web applications using React and Next.js, ensuring seamless integration across platforms.
- Created a mobile application using Flutter for displaying currency exchange rates across different banks in Ethiopia, ensuring smooth cross-platform performance and user accessibility.

SKILLS:

- Languages: Java (Spring), PHP, JavaScript (React, Node.js, Next.js), Python (Django), Dart (Flutter)
- Frontend: React, Next.js (Full-stack), HTML5, CSS3, JavaScript (ES6+)
- Backend: Java Spring, Django, Node.js, RESTful APIs
- Mobile: Flutter (iOS & Android)
- Databases: Cassandra, Load Balancing, Replication
- DevOps & System Administration: Docker, Linux, DNS Configuration, Environment Setup, Application Deployment
- Version Control: Git, GitHub,
- Cybersecurity: Secure application development, Audit-based modifications

EDUCATION:

2017 - 2022 | Adama Science And Technology University Adama, Ethiopia

Bachelor of Science - Electronics And Communication Engineering
